

Reduce, Reuse, Recycle!

## Make a water bottle flower craft with us!

### What you need:

1. A plastic water bottle.
2. Paint – all different colors!
3. Paper
4. Glue
5. A green marker
6. A paper plate
7. Buttons, or anything else you'd like to use as the center of your flowers.

### What to do:

1. Lay your paper on a clean flat surface, and using your green marker, draw some stems for your flowers.
2. Pour out a few different colors of paint in your plate.
3. Dip the bottom of your water bottle in the paint, and stamp your flowers on their stems!
4. Glue on the centers, and let dry!
